

QUALITY POLICY

IOT Malaysia is a service company to the oil and gas industry specialising in Drilling Rental Tools, Tubular Running Services and Pressure Control Equipment.

Operating throughout multiple South East Asia locations, IOT Malaysia is committed to achieving the highest standards in quality management.

Our Policy aims to achieve the highest standards in quality by implementing the following principals;

- **Continual Improvement** - Providing a framework for setting quality objectives and regularly reviewing and continually improving our processes
- **Compliance** - Maintaining a compliant management system towards internal, external and regulatory requirements
- **Learning** - Ensuring our personnel are adequately trained and qualified to perform their roles to the best of their abilities
- **Risk Management** - Ensuring proactive, visible leadership is at the core of our business whilst actively identifying potential risks and taking the necessary steps to mitigate or reduce the impact.

A handwritten signature in blue ink, appearing to read 'Andy Elliott', is positioned above the typed name.
